

Secret message mission

Write a message that stays hidden until a friend reveals it.

Write a short secret note with the white activator pen.

Cover or reveal the message using the matching Magic Pens technique.

Your hidden note

Add a clue

Draw three tiny symbols that give your friend a hint about the message.

Colour change lab

Test how a simple line can become a surprise shade.

Try three experiments

1

Draw a line, then add the activator.

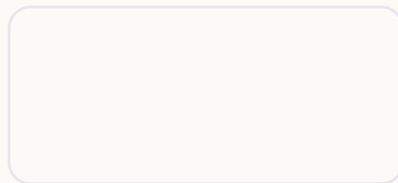

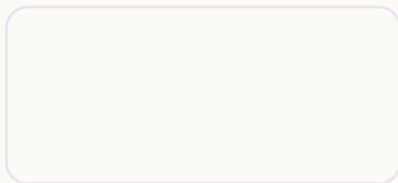

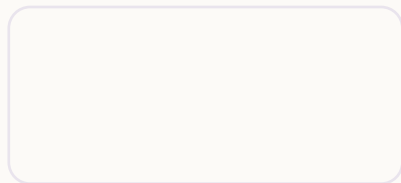

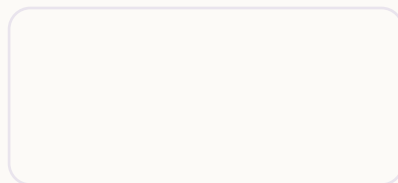

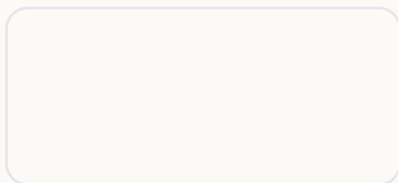

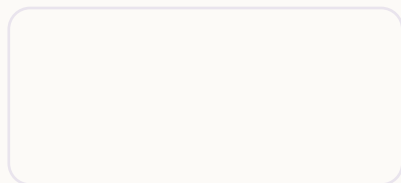

2

Layer two colours and compare the result.

3

Make a shape with one surprise detail.

My colour experiments

Which effect surprised you most? _____

Make a doodle pop

Use light, shadow, and an outline to give a simple shape dimension.

Build it in three moves

1

Choose a shape

2

Add a light side

3

Add a shadow side

Your 3D drawing

Start with a circle, cube, letter, animal, or anything you like.

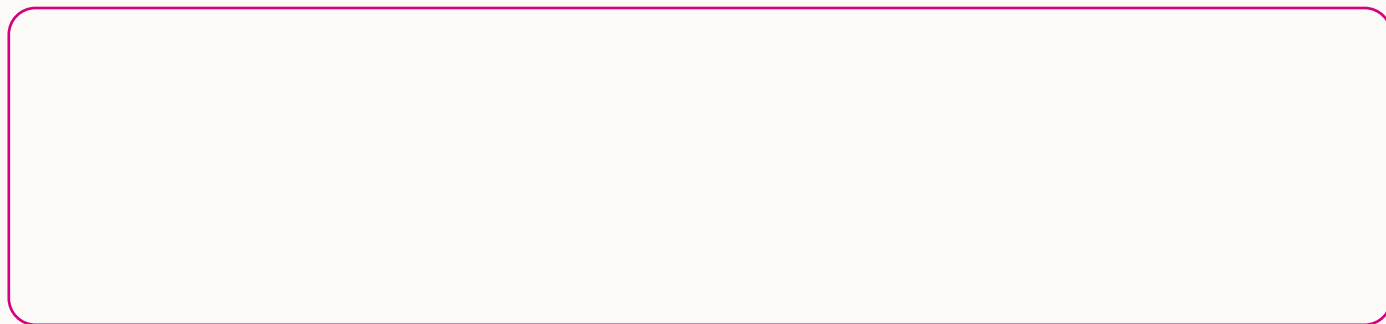

What will you make next?

Pattern challenge

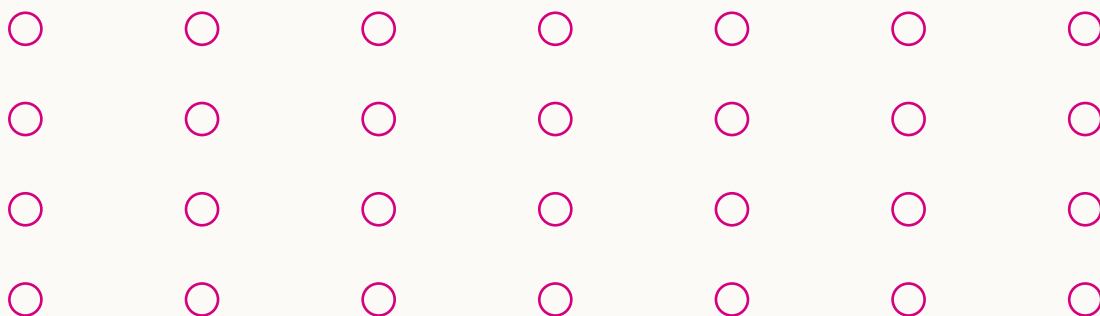

Repeat a small idea until it becomes a world of colour.

Choose your repeat

Pick one mark: a star, wave, leaf, bubble, zigzag, or your own shape. Repeat it, then change the colours.

Pattern playground

Give your pattern a name

Bonus: hide one secret detail somewhere in the pattern.
