**Magic  
Pens**

## INSTRUCTIONS

**#1**

MAGIC WHITE PENS

**#2**

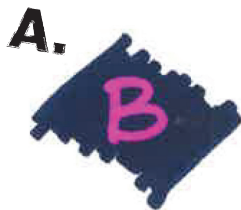

COLOR CHANGE PEN

**#3**

ERASER PENS

### COLOR CHANGE PEN

Choose a color change pen (**#2**) and simply draw or write anything of your choice and go over it with a white pen (**#1**). Watch it change color! (See Image A)

### ERASER PEN

Choose an eraser pen (**#3**). Draw or write anything of your choice and go over it with the white pen (**#1**). Watch it disappear! (See Image B)

### SECRET MESSAGE

Use a white pen (**#1**) and write a secret message. To decode, just go over the written message with any color Magic Pen! (**#2** or **#3**). Watch your secret message appear! (See Image C)

# 3D ART

Use the color change (#2) and the color to white pens (#3) to create the illusion of your very own 3D art! (See Image D)

- Draw straight lines, alternating between color change (#2) and eraser (#3) Magic Pens.
- With the White Pen (#1), write something that encompasses half of the marked area
- Outline what you wrote with a solid marker (NOT INCLUDED)
- On the remaining shaded areas, draw spirals from the center outward
- Watch your image pop right out!

## BONUS INCLUDES:

- **MAGIC BLOW PEN**
- **STENCILS**

## MAGIC BLOW PEN

Unscrew plastic bolt on the thicker tubing, loosening enough to slide a Magic Pen into your magic blow pen. The Magic Pen tip should be in front of the narrow end of the pen shaped tube. (See Image E)

- Tighten the plastic bolt to hold the Magic Pen in place.
- Point the thinner part of the pen shaped tube toward your paper.
- Blow into the fatter end of the pen shaped tube creating your airbrushed design!

NOTE: While using blow pen, be sure to only aim the nozzle toward your artwork. DO NOT aim at people or fabric. Protect surrounding work area from spray.

## STENCILS

(See Image F)

- Carefully pop out the stencil design of your choice.
- Shade in the stenciled area with the magic pen of your choice or use the magic blow pen to create airbrush designs.

### Not Suitable for children 4 & Under

#### Cleaning Instructions:

Eraser pen marks can be removed from most surfaces by using the magic white pen. Color change pen marks can be removed from most surfaces by using rubbing alcohol.

#### Stain Advisory:

Magic Pens contain colorants which may stain. Keep away from wallpaper, painted walls, finished and unfinished wood, vinyl, carpeting and other material that cannot be laundered.

Non Toxic. Conforms to ASTM D-4236
